

Collis Receive a Great Place To Work® 2009 Award

Leiden (NL) 20 April, 2009 – Collis has received a Great Place To Work® 2009 Award for the fourth consecutive year.

Collis is very pleased to have received a Great Place to Work® (GPTW) 2009 Award. Collis has now received the GPTW Award four years in a row. We take pride in the fact that employees find Collis a Great Place to Work. Committed to providing excellence in consultancy, products & services to a global market, Collis is pleased that employees are as enthusiastic about Collis as our customers.

Each year, the Great Place to Work® Institute helps produce annual "Lists of Best Workplaces" in 31 countries around the world. An Award company is selected primarily on the basis of their employees' responses to the Great Place to Work® Trust Index© (Credibility, Respect, Fairness, Pride, Camaraderie). Collis has a Trust Index© score of 80%. This is a great recognition for the company. Collis is among only 35 companies in the Netherlands who received the GPTW label.

Dirk Jan van den Heuvel, CEO, Collis comments: "Collis is delighted to be awarded the Great Place To Work® 2009 Award for the fourth consecutive year. Trust between managers and employees is the key to creating a good working environment. It is important that Collis employees are as enthusiastic and passionate about their work as their managers. This collaboration results in increased innovation and creativity which is ultimately passed on to our customers".
