

Collis & Aspects open an office in Boston

Collis America, Collis & Aspects Boston-based US office, was opened earlier this month. The rapidly growing global customer base of Collis and Aspects Tools sees the need for a central office to service the strong growth and demand in the US and Canada.

Collis will be providing high quality testing tools, consultancy and training with a focus on smart card based, electronic transactions and identification, EMV, e-Passport and mobile technology to the US and Canadian markets. Aspects Tools, a Collis Company, is Collis' Mobile Competence Centre for all products and services offered to the Mobile industry.

CPA/CCD Test Suites

Collis' CPA/CCD Test Suites are the perfect solution for testing CPA/CCD compliance for certification. The CPA/CCD Test Suites consist of CCD L1 & L2 as well as CPA Test Suites.

With over 1500 test cases (for CPA & CCD) from EMVCo implemented, Terminal Vendors and Card Developers can assure the compliance and certification of their cards and terminals by testing their products with the CPA/CCD Test Suites.

Collis' CCD Level 2 Test Suite is confirmed (verified & accepted) by EMVCo.

Collis Celebrates 10 Years of Innovation

Collis celebrates its 10th Anniversary this year. The Collis portfolio of offerings has been, since inception, consulting services, testing tools and training courses delivered via the three competence centers (EMV, e-ID and Mobile). Products and solutions from the competence centers are offered to a global market. Collis has an ever growing list of partners and value added resellers world wide.

e-Identification Payment / EMV

Mobile

2006 saw the opening of the Collis Asia subsidiary to better service the requirements of customers in the APAC region. Collis America was recently established (see news item on this page). Collis has also acquired Aspects Tools in 2006 and now, over the last decade, Collis has grown to a company of 120+ strong internal team around the globe.

On June 29th a celebration event will be held for customers nationally and celebrations with our international customers will take place during the Cartes Event in Paris from 13-15 November this year.

New Collis Partner in United Arab Emirates

Smartworld, recently joined Collis as a value added reseller in the United Arab Emirates. SmartWorld is a regional leader in offering software consultancy, software development services, card personalisation systems, e-security&tracking systems, smartcard consultancy, smartcard solutions and other IT services.

Testing Tools & Consultancy for SEPA

SEPA (Single Euro Payments Area) is an effort of European banks to harmonise intra-Europe payments and funds transfers in the Euro currency.

Because of SEPA, EU-citizens can accept or perform payments from / to any European bank account with a level of service and pricing that no longer separates domestic from cross-border payments.

SEPA will strengthen Europe's internal market and will facilitate competition in the payments arena.

Collis is currently developing automated testing tools and related services for SEPA.

e-Passport Training

Collis launched a successful e-Passport Training in April. It was well received by key members of the e-ID industry & community.

Collis' e-Passport Training is conducted over 1.5 days. The first day (**Executive Course**) covers topics such as what & why of an e-Passport, how it works from a functional point of view (No technical details) and the impact of the e-Passport on the issuing an border control process.

The second day (**Expert Course**) goes deep into the technical details of the e-Passport. Covering topics such as contactless smartcard technology, cryptography and e-Passport security.

Contact Collis on training@collis.nl for more information. The next training is scheduled 14-15 June. **Register Now!**

EMV Training - Executive & Expert Courses

Collis' EMV Training Academy will be providing **Open Training** covering the EMV Executive Summary and the EMV Expert Course from:

- ◆ **14 -15 June, 2007** at Collis Asia Office in Singapore
- ◆ **22-23 August, 2007** at Collis Head Office in Leiden, NL
- ◆ **27-28 September, 2007** at Collis Asia Office in Singapore
- ◆ **17-18 October, 2007** at Collis Head Office in Leiden, NL

Brand Testing Tool

Collis' Brand Testing Tool is currently available for VISA ADVT testing. This year, Collis will implement the MasterCard TIP requirements in the Brand Testing Tool.

In the last issue of Collis Connect, the AmEx logo was used in the news item referring to the Brand Testing Tool. We would like to clarify that the Brand Testing Tool, at present, does not support end-to-end AmEx testing however Collis hopes to implement it in the future.
