

Reference Sheet - Acquirers

"We are pleased that the tool (Collis Brand Test Tool) offered by Collis is qualified as part of the MasterCard program. This qualification broadens the offer of test tools available to MasterCard acquirers for preparation for the TIP process. We are confident that **MasterCard acquirers will directly benefit** from this qualification."

Christian Delporte, Head of Chip Product Development

MasterCard Worldwide

"Collis' comprehensive EMV Test Tools means **faster time-to-market** while maintaining chip interoperability across regions, which will help simplify migration efforts."

Senior Vice President, Consumer Product Platforms

Visa International

"Collis' Test Practices are **optimised** to suit our business environment."

Danny Visser, Head of CCRM Test Centre

ING Bank

"I am pleased that in cooperation with Collis we have completed the development of a portable tool (Visa payWave Test Tool) that the acquirers can use to test that their **contactless terminals** conform to Visa Europe's terminal specifications."

Pekka Mattila, Head of Chip Integration

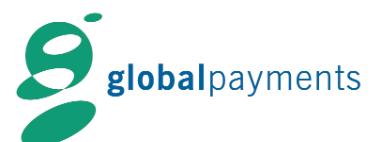

Visa Europe

"The Collis solution provides true card simulation. The platform emulates all the functions of an actual EMV Chip card and helps Global Payments deliver **highly reliable, compliant EMV Chip products** that will have longevity in the marketplace."

Jamal J. Awad, VP, Strategic and Third Party Solutions

Global Payments Canada

"Collis' CTAP Terminal Test Environment **helps to ensure correctly operating payment devices** in the Netherlands, which are prepared for the future. With the CTAP Terminal Test Environment, Equens has obtained a **powerful tool** for the certification of new generation payment devices."

Jeroen van Dijk, Manager Cards & Devices

Equens

"At Margento we are pleased with Collis' professional services and EMV Testing Tools **ensuring us faster and smoother POS terminal development and EMV certification.**"
