

Reference Sheet - Canada

“As the Canadian payment industry commences its long-term migration to EMV Chip over the next several years, we are committed to providing our merchants with the **most robust** and advanced payment solutions in the market. This comprehensive **testing and certification environment** (from Collis) is just one example of how we are facilitating a **seamless EMV Chip migration** for our customers.”

Jordan E. Cohen, President
Global Payments Canada

“Collis provided us with up-to-date EMV knowledge within two days!”

Jean Marchand, Senior Manager
National Bank of Canada

“Collis’ comprehensive EMV Test Tools means **faster time-to-market** while maintaining chip interoperability across regions, which will help simplify migration efforts.”

Senior Vice President, Consumer Product Platforms
Visa International

“The Collis solution provides **true card simulation** – it is like using real physical cards. The platform emulates all the functions of an actual EMV Chip card and helps Global Payments deliver **highly reliable**, compliant EMV Chip products that will have longevity in the marketplace.”

Jamal J. Awad, VP, Strategic and Third Party Solutions
Global Payments Canada

“We are pleased that the tool offered by Collis is qualified as part of the MasterCard program. This qualification offers a test tool available to MasterCard issuers to prepare the formal Card Personalisation Validation session. We are confident that **MasterCard issuers will directly benefit from this qualification.**”

Christian Delporte, Head of Chip Product Development
MasterCard Worldwide
