

Reference Sheet - Middle East

“For us, Collis EMV PVT tool means **confidence**. When the card passes we cannot doubt that we did our job correctly and in case it fails we take seriously all the cases without exceptions; I have experienced other tools previously and I can say that these people went really beyond.”

Joseph A. Haskour, Manager, Projects and Development

Qatar National Bank

“Collis has provided Oberthur Technologies with a **simple yet effective** tool for EMV personalisation validation.”

Gilles Marquaire, Technical Manager, Payment

Oberthur Technologies

“Collis’ comprehensive EMV Test Tools means **faster time-to-market** while maintaining chip interoperability across regions, which will help simplify migration efforts.”

Senior Vice President, Consumer Product Platforms

Visa International

“We are pleased that the tool offered by Collis is qualified as part of the MasterCard program. This qualification offers a test tool available to MasterCard issuers to prepare the formal Card Personalisation Validation session. We are confident that **MasterCard issuers will directly benefit from this qualification.**”

Christian Delporte, Head of Chip Product Development
